7 gift ideas for soon-to-be graduates

It would be an understatement to say that it has been an interesting few years for the Class of 2022. Due to the pandemic, many soon-to-be grads spent a significant portion of their school years adapting to a changing landscape, both at school and at home. While it is an accomplishment to reach graduation in a “normal” situation, students who have succeeded and thrived in the face of pandemic-related adversity are worthy of extra celebration.

Graduation gifts are a great way to show grads how proud you are that they stayed the course in the face of significant challenges. Here are seven gift ideas for graduates.

1. Journal: Graduates are about to start new chapters in their lives. Either a blank journal or one with writing prompts can help grads get their thoughts on paper to document both the many moments that will shape the next few years.

2. Mascot- or school-themed offerings: If a high school graduate will be going on to higher education, then visit the college or university’s spirit shop to purchase anything from sweatshirts to blankets to coffee mugs featuring a school logo or mascot. On the first day of classes, the new student will already feel part of the team.

3. New wardrobe: Graduating means forging new paths, whether in a career or through addi-

tional schooling. Grads can look the part with several items from a favorite retailer. Those who are unsure of the graduate’s style can purchase a gift card and let the grad go on a spending spree.

4. Framed school photo or map: A piece of artwork can evoke strong emotions of time spent on campus. Frame a black-and-white or sepia-tone print of the aerial view of campus, or opt for an official school tour map, which indicates buildings and other points of interest. This

could become a cherished keepsake.

5. Bedside organizational pouch: Dorm life requires maximizing a small amount of space. An organizational pouch or pocket can keep essentials such as a tablet, book, reading glasses, and remote control close by and organized without taking up a lot of room. Some are designed to rest over a couch cushion or slide between a mattress and bed frame.

6. Automotive essentials:

Graduates will be facing all sorts of new expenses, so easing any sort of financial burden can help them in a big way. Vehicles tend to be major financial drains for teens and young adults. Prepaid cash cards, gas station gift cards, vouchers for car washes, and even gift cards to an automotive supply store can help graduates direct their funds elsewhere.

7. Personal coffeemaker: Many people feel coffee is essential to make it through the day.

Graduates who will soon be studying for college exams or those waking up early for their first forays into the workforce may appreciate an on-demand pick-me-up. Coffeemakers are much more streamlined these days, and there are pots designed to use loose grounds or special pods to produce cups quickly.

Shoppers can explore many interesting options to commemorate the accomplishments of the class of 2022.

How to throw and enjoy a graduation party

Graduation is a momentous occasion for students that marks an end to many years of dedication to studies. Most people look back fondly on the day they received their degrees and diplomas. But often what is remembered most when a person graduates is the party that commemorated the event.

For parents planning graduation parties for their children, graduation season may be filled with nostalgia about their own childhoods and experiences. While parents can borrow from what they learned along the way, graduation parties for their kids should definitely focus on the here and now — and what is important to the new grad. In fact, the guest of honor should be tapped to help create the party of his or her desires.

Book early

Most schools host commencement ceremonies in May or June. With so many people planning parties around the same time, venues and vendors will be snatched up quickly. As soon as you learn the graduation date, reserve a party space and contact caterers, florists, entertainment, or other vendors who will be used for the event.

Host an open house party

An open house party enables guests to arrive and depart freely according to their schedules so graduates can hop from one party to the next. This occurs over a long period of time (four to five hours is a good window) and the party does not follow any strict schedule.

An open house party requires having food and beverages available at all times, so it's important to have an array of options that can be served room temperature or kept safe over ice or heat. Chips and dips, sliced vegetables and small sandwiches are good options. Crock and chafing dishes can be used to keep foods warm.

Prevent the temptation

Even if the party will feature a mix of students, friends and adult family, it may be safer to avoid serving alcohol. This way you do not run the risk of an underage guest sneaking an alcoholic beverage and leaving the party intoxicated. Remember, in some areas you can be legally prosecuted for permitting underage drinking to occur, so it's best to do whatever it takes to prevent such a scenario.

Pick a theme

A theme can make a graduation party even more enjoyable. Tie the theme into the grad's personality or future plans or go with a classic, such as a Hawaiian luau, which is fitting for outdoor events.

Hire a wait staff

One way to enjoy the graduation party is to free up time to mingle. Hiring a wait staff means drink and food service as well as clean-up can be handled by others.

Graduation parties soon will be in full swing. Parents can make their youngsters' graduation bash more memorable by getting a head start and incorporating a few useful strategies.
